

JEFFERSON HEALTH COMPASSIONATE CARE APPLICATION GUIDE

Jefferson Health offers financial assistance for its medical care to eligible individuals and families. Based on your financial need, either reduced payments or compassionate care may be available.

You may be eligible for financial assistance if you:

- have limited or no health insurance
- are not eligible for government assistance (for example, Medicaid)
- can show you have financial need
- are a resident of Pennsylvania, New Jersey, or Delaware
- provide Jefferson with necessary information about your household finances

About the Application Process:

The process for applying for Jefferson Health Compassionate Care Program includes these steps:

- Complete the Compassionate Care Application form in this packet.
 - Include supporting documents listed on attached checklist.
 - We look at your income, assets (for example, bank accounts, stocks, bonds, and other investments), and family size to determine the level of assistance available to you. We use a sliding scale, based on federal poverty guidelines.
 - Note that you must first explore whether you are eligible for some type of insurance benefits that would cover your care (for example, workers' compensation, automobile insurance, and/or Medical Assistance). We can help direct you to the appropriate resources.
- Upon review of your application, a determination will be made and you will be notified of the decision.
- We can arrange a payment plan for any remaining balances that are not covered by Compassionate Care.
- This Program is for your Jefferson Health Hospital balances only, and may not apply to physician services.

Filing Your Application:
