Authorization To Use And Disclose Patient Photographs And Video Diary For Educational And Marketing Purposes

I, _____ [Patient Name] am a patient of Jefferson University Physicians' Department of Otolaryngology ("Jefferson"). As part of my medical and health care treatment, I authorized Jefferson to take photographs, slides and/or videotapes (collectively, "photographs") of parts of my body including before and after surgery photographs of my face. I understand that these photographs have become part of my medical record and are confidential health information. In addition, I understand Jefferson would like to send me home with a "flip camera" or similar device to allow me to record a video diary of my progress ("video diary"). I understand that this video diary will not become part of my Jefferson medical record.

- 1. Authorization to Use Photographs and Video Diary for Educational and Marketing Purposes.** I understand that Jefferson wants to be able to use my photographs and my video diary for purposes other than to provide medical and health care treatment to me. I understand that for marketing purposes, Jefferson wants to disclose my photographs and video diary, without identifying me by name, to individuals seeking similar medical treatment at Jefferson. For marketing purposes, Jefferson may place my photographs or video diary in a Jefferson photo album for prospective patients to see. Jefferson may also use my photographs or video diary in a print advertisement or on its website, both of which will be available to the public. I also understand that for educational purposes, Jefferson wants to disclose my photographs and video diary, without identifying me by name, to attendees at various medical conventions or seminars when Jefferson is participating as a presenter. Attendees may include healthcare professionals and others. For educational purposes, Jefferson also wants to publish my photographs and video diary in medical journals and textbooks, and when teaching courses to educate the health care profession and the general public about plastic surgery. I understand that, although Jefferson will not disclose my name when using my photographs or video diary for marketing or educational purposes, *someone may be able to identify me from the photographs or video diary.*
- 2. Compensation.** I understand that I will not receive any money for permitting Jefferson to use my photographs or video diary for the purposes described in this authorization. I understand that Jefferson may receive payment for some of the activities in which my photographs or video diary may be used.
- 3. Expiration Date/Right to Revoke.** I understand that this authorization will not expire. I understand that I have the right to revoke this authorization in writing to the Administrator of Jefferson and may do so any time. If Jefferson has already used or disclosed my photographs or video diary before receiving my revocation, I understand that Jefferson cannot take back those uses or disclosures.
- 4. Information May Be Re-disclosed.** I understand that my photographs and video diary may be subject to re-disclosure by a recipient of the photographs or video diary.
- 5. No Condition on Authorization.** I understand that there will be no consequences to me if I choose not to sign this form.
- 6. Authorization and Signature.** I understand how Jefferson plans to use and disclose my photographs and video diary. By signing below, I authorize Jefferson to use and disclose my photographs for the purposes described in this authorization. By signing below and giving to Jefferson the video diary that I have taken of myself, I authorize Jefferson to use and disclose my video diary for the purposes described in this authorization. By signing this form, I certify that Jefferson has answered all of my questions to my satisfaction and I knowingly, willingly and voluntarily authorize Jefferson to use my photographs and video diary for the stated purposes.
